

Oracle Hyperion Planning and PBCS Associate Consultant

GuidewireSI is seeking an experienced Finance/Accounting professional who is highly motivated in transitioning their career into the field of Information Technology. Accepted candidates will have the skills and enthusiasm to learn both the technologies and become a client focused consultant. Our culture thrives on creative people who develop innovative approaches to complex problems in a team environment. This position requires up to 80% travel with projects with a combination of on-site at GuidewireSI client locations nationwide with a typical week of four 10-hour days or at GuidewireSI office.

Requirements:

- A minimum of 2 years of experience in corporate finance or accounting
- Strong command of the corporate forecasting and budgeting processes
- Proven track-record of success and a high level of intellectual curiosity
- Goal oriented with high standards for quality and performance
- Excellent verbal and written communication skills a must
- An affinity for technology and motivation for process improvement
- Experience with Hyperion Planning/PBCS or a high desire to learn the technologies
- Experience with Hyperion Planning, Essbase or PBCS, is preferred

Key Duties and Responsibilities:

- Work with project team lead and execute on assigned deliverables.
- Must become highly proficient in both functional and technical skills to support implementations
- Documenting project activities
- Communicate personal and project status to GuidewireSI and Client management
- Become intimately familiar with GuidewireSI's engagement methodology and service offerings

Education and Certification

- Bachelor's degree (business, accounting or finance)
- Oracle Hyperion and PBCS certification is a plus

This is a direct position with our consulting practice. GuidewireSI provides excellent salary and benefits. Our offices are located in Denver, CO near the Oracle Tech Center Campus. We are pleased to hire consultants in other areas of the country.

We offer competitive salaries and benefits in an incredible work environment. The Consultant must be self-sufficient and proactive in managing their work, while maintaining appropriate communication and escalation to GuidewireSI management. They should be able to work both independently and as part of a team, and be committed to continuously improving GuidewireSI's operations and profitability.
