

## **Project Manager**

GuidewireSI is seeking experienced Project Manager with a proven track record implementing JD Edwards EnterpriseOne as both a project manager and a functional lead. Candidates must have experience managing large-scale, complex implementations. PMP certification is preferred. Accepted candidates will have the skills to provide exceptional consulting services to clients, helping them gain the optimum benefit from their JD Edwards investment. Our culture thrives on creative people who develop innovative approaches to complex problems in a team environment. This position requires 80% travel with projects executed on-site at Guidewire Systems Integrator client locations nationwide with a typical week of four 10-hour days.

### **Desired Skills and Experience**

- Provides JD Edwards project management services to Guidewire clients
- A minimum of 3 full life cycle projects that were new installations and/or upgrades with EnterpriseOne 9.0 or later
- Demonstrates experience and expertise in the design and execution of implementation and upgrade methodology, testing, budgeting and project metrics, status reporting, executive and internal communications and general daily management of key activities
- Leads groups in business process reengineering, best practices and customization issues
- Acts as the liaison between the internal project team, executive team, and other key stakeholders
- Tracks project progress and manages expectations through successful project completion and provides contingency plans to assure project objectives are met.
- Shares suggestions and knowledge capital to help optimize Guidewire's implementation methodology
- Seeks innovative ways to improve the process of delivering solutions to clients
- Goal oriented with high standards for quality and performance
- Excellent verbal and written communication skills a must
- Supports business development activities
- Experience working in Wholesale Distribution, Oil and Gas, Mining, or Agriculture Industry a plus

### **Education and Certification**

- Bachelor's degree (business, accounting, engineering or related field recommended)
- Oracle application implementation and PMP certification a plus

This is a direct position with our consulting practice. GuidewireSI provides excellent salary and benefits. Our offices are located in Denver, CO near the Oracle Tech Center Campus. We are pleased to hire consultants in other areas of the country.

We offer competitive salaries and benefits in an incredible work environment.
